

Friends of Covehead and Brackley Bay and Winter River-Tracadie Bay Watershed Association

invite you to

FRACKING: CAN OUR WATERSHEDS AFFORD IT?

There will be a screening of GASLAND, the first film that drew serious attention to this practice.

Discussion will be led by Andrew Lush of the PEI Watershed Alliance and Don't Frack PEI, a newly formed group to address this issue on the Island

Topics include:

- Fracking process
- Impacts on water sources
- Special conditions on PEI
- Differences with NB situation
- Current position of PEI government
- Industry viewpoint

WHERE: North Shore Community Centre, West Covehead Rte 25

WHEN: Thursday, March 7th. 7:00 pm

Free admission. All are welcome. Please come out to learn about the potential impacts of fracking on your watershed.

For information about fracking, see <http://dontfrackpei.com>
